

Good morning everybody,

During the containment, the "Ecole des Docteurs of Toulouse" proposes some trainings in order to carry on ensuring pedagogical activities.

**BE CAREFUL** : The trainings proposed are MOOC; most of them are free, but some of them are using the economical system as follows: attending the training is free but they will ask you to pay to obtain the certificate of attendance. So if you are attending these trainings, please do not pay anything at all, just take a screenshot of the training concerned. This picture can be then uploaded in your ADUM account as a certificate to prove that you have attended the course.

#### **Career center :**

- Moco PhD and Career Development :
